DIRECTIONS

1. Draw a **Melon Marker Line** around melon. Make a dot at center of melon (see pg 15-16).
2. Cut out pattern pieces, staying 1/4" from design lines.
3. Tape **A's** to **A's** and **B's** to **B's** for Border I. Repeat for Border II.
4. Match center dots on Borders to center dots on melon. Then tape Borders in place along *melon marker line* to opposite sides of melon. Lengthen or shorten border at ends, as needed (see pg 15-16).
5. Tape Handles I and II together at **C's**. Center **C's** on top of melon and tape Handle in place. Lengthen or shorten at **D's** to connect Handle to Borders.
6. When poking dots, make holes size shown. Save pattern and refer to it while carving.
7. Clean melon (see pg 2). Dust poke holes with flour.
8. Carve cutouts, then *melon marker line* and Handle. 21
